

Play Observatory

We're making a collection of children and young people's play during the pandemic and beyond. What have you been playing, saying, doing and making?

Everyone is welcome to send us pictures, videos, sound recordings, drawings, photos, games, songs, poems or writing of any sort.

Please take part in the survey here: play-observatory.com

Hi I'm **Peeps!** Please visit the site and send us examples of your play by filling in our survey!
